

VentureClad® 1579CW

JACKETING SYSTEM

VentureTape® VentureClad® 1579CW (VentureClad Plus) is a zero permeability, absolute vapor barrier for insulation cladding and jacketing applications. A 13-ply, material is as tough as metal but installs quickly and easily with no special tools required.

VentureClad 1579CW exceeds most building code requirements and can be used for new construction as well as repair on existing structures.

Available in natural aluminum or white VentureClad 1579CW is the highest performing product on the market today.

Features & Benefits

- Flexible, strong, fabric reinforced insulation cladding product combines vapor barrier function with heavy-duty all weather mechanical protection
- Ultra high performance jacketing product performs well over a wide temperature range
- **Venture CW® cold weather acrylic adhesive** applies easily at temperatures as cold as -10°F
- Zero permeability, absolute vapor barrier
- High puncture and tear resistance
- Self adhesive, mold inhibiting material installs easily with no off-site fabrication required
- UL Listed
